WORK EXPERIENCE

Lillah Services
UX Design Intern   Jan 2022 - Dec 2023

- Collaborated closely with a team of UX Designers, playing a pivotal role in the conception and enhancement of Lillah Services LLC's website.

- Applied information architecture principles to craft interactive prototypes, enhancing website usability and improving user engagement.

- Gained real-world experience, learning team dynamics and the practical impact of UX, while significantly contributing to the organization's mission.

UX PROJECTS

Thanks Mom and Dad
UX Designer/Researcher   March 2023 - June 2023

- Engaged in user research and competitive analysis to guide a redesign of the donor interface, improving user engagement metrics.

- Developed wireframes and interactive prototypes in Figma, focusing on accessibility and navigability.

- Collaborated with stakeholders, translating nonprofit's visions into a cohesive and user-centric brand message.

**SCAD FASH Museum of Fashion +
Film Site Re-architecture**
UX Designer/Researcher   Oct 2023 - Nov 2023
Project Lead

- Led the project to revamp SCAD's web platform for enhanced mobile responsiveness and user engagement.

- Strategically restructured the platform's layout, ensuring responsive design, streamlined user pathways, and a harmonized interface that encourages user engagement.

- Leveraged user feedback and analytics insights to create an interactive prototype, enhancing the design for intuitive navigation and improved user experience.
